From (Name) Lieut-Col.S.C.Contractor, M.B.,I.M.S.,
(Designation) Inspector General of Prisons, And Chief Inspector of Certified School, Madras.

To The Secretary to the Government of Madras,
Home Department.

Sir,

The information called for in the reference cited above is furnished below:

1.First and Second blocks, old Kitchen, hospital and offices are electrified. There are 41 lights and one fan, in all.

2.As the existing lighting arrangement is not sufficient the request for the additional lights was made.

First block contains 3 rooms. The first is the dispensary room and has five lights which are sufficient. In the second room the Carpentry classes are held. The room has no lights and does not require any. The third room is a dormitory accommodating 65 boys and has only

only five lights. These lights do not give sufficient illumination to enable all the boys to read during nights. There is no light behind this block and the whole place is dark during nights. One light at the centre of the block just outside the verandah is essential.

The Second block contains three rooms, the first room is the hospital and has five lights which are sufficient. The second room is a dormitory with an accommodation of 150 pupils. This room has only 7 lights which are quite inadequate. The third room is a dormitory with an accommodation for 65 boys with only five lights. These lights are not sufficient to enable the boys to read during nights."

3.Block No.11 has been repaired and handed over to the School. It is now being used as a dormitory.

Letter from the Chief Inspector of Certified
oc. No. 1436/S2/38 dated 25-11-38.

Junior Certified School, Bellary – Electrifica
f blocks Nos. 1, 2, 6 and 11 of the Alipuram Jail
uildings.

The Chief Inspector of Certified Schools has
p.1cf submitted proposals for the electrification of
blocks Nos. 1, 2, 6 and 11 of the Alipuram Jail
buildings at a cost of Rs 1480/-. From plan E.E
(A) 147/BEL/38-39 submitted by the Chief Inspector
it is observed that blocks Nos. 1, 2, 9, 12 and 1
of the Alipuram Jail buildings are occupied
the Junior Certified School, Bellary and that blocks 1
, 6 and 11 of the same buildings are under repa
for occupation by the Certified School. Block No. 6
has since been renovated and handed over t
the Headmaster of the School for use as kitche
and dining hall.

In G.O. No. 2577 Public Works dated 4-11-36
Govt. approved an estimate of Rs 1,800 for the
provision of electric installation in the Junio
Certified School, Bellary. This estimate was sup
seded by a revised estimate amounting to Rs 21
approved in G.O. No. 2477 Public Works dated 27-11-
Thus an expenditure of Rs 2170 has been

nctioned for the electrification of the Bellary
unior Certified School. It is not known what
ildings were electrified. From the estimate
bmitted by the Chief Inspector it appears that
ocks Nos. 1 and 2 have already been electrified a
at the present proposal is to provide additi
ctric installation at a cost of Rs 208/- The neces
the proposed additional installation for thes
o blocks has not been explained.

The following information seems necessary

(1) What are the buildings already electrified
nd how many lights and fans have been pro-
ided in them;

(2) What is the necessity for the additiona
stallation proposed in blocks Nos 1 and 2; and

(3) Whether block No. 11 ~~handed~~ has since
een repaired and handed over to the School
nd to what use it is intended to be put to

A draft memo. is submitted for approval.

Letter from the Chief Inspector of Certified Schools,
R.O.C.No.1436-S2/38 d/27-1-39.

* * * * *

Please see the memo. on page 4 c.f., and the Chief Inspector's reply on pages 6-7 c.f. It is reported that blocks Nos. 1 and 2 of the Alipuram Jail buildings, old kitchen, hospital and offices of the Junior Certified School, Bellary have already been electrified and that altogether 41 lights and one fan have been provided in them. As regards the necessity for additional electric installation in blocks Nos. 1 and 2, the Chief Inspector says that the existing number of lights in the dormitories in the blocks does not give sufficient illumination to enable all the boys to read during nights and that additional lights are essential. It is also reported that block No.11 has been repaired and handed over to the school and that it is being used as a dormitory. Block No. 6 is being used as kitchen and dining hall.

The proposal may be accepted in this Deptt. (The proposal to create a Senior section in the Junior Certified School, Bellary was under the consideration of the Govt. and the proposal has since been dropped. The present proposal is not affected thereby).

Please see the notes of the Home dept. pp 1-3 ante and the letter of the D. G. of mines on pp 6-7 c-6

One proposal is to provide one additional light to block I and two additional lights to block II and to electrify blocks VI and XI of the junior certified School, Bellary at an estimated cost of Rs. 1480/-. ~~Block~~ The chief Inspector, Certified Schools states that these are absolutely necessary. Home dept support the proposal

A draft order is put up. Finance
